### Knowing how calendars work is an important maths skill!

- What date is Christmas day? \_\_\_\_\_ What day of the week is it? \_\_\_\_\_
- How many more sleeps to Christmas? \_\_\_\_\_
- When is Christmas Eve? \_\_\_\_\_ What does 'eve' mean?
- How many school days are there until Christmas? \_\_\_\_\_
- How many Sundays are there until Christmas? \_\_\_\_\_
- What was the date before the first day of Advent? \_\_\_\_\_
- The School Christmas lunch is on the last Wednesday of term – can you mark this on the calendar?
- The School's Church service is at 9.30am on the last Monday before Christmas – mark this on the calendar.
- New Year's Eve is on the last day in December – mark this on the calendar.

On the back of the sheet is a calendar for 2017. Mark some important dates on your calendar:

- Your birthday
- Birthdays of family members
- Saints' days – St David, St George, St Andrew and St Patrick
- Religious festivals – when might Ramadan start? Ash Wednesday? Easter?
- What day of the week will Christmas day be next year?
